Politically Incorrect! Distressingly Decadent! Beyond the Pale!

A website for the fallen, the ostracized, the scorned, the despised, the damned—ideas and people alike—those not mentioned in polite society, not invited to or published in respectable places. A website for “the pariahs” who pioneered the homophile and then the gay-lib movements.

A Website for “The Eight P’s”:

**Pederasts** Includes not only those who lust after teenagers, which is of course most of humanity, but those who actually touch them in a sexual way. Not to be confused clinically, as is increasingly done legally, with pedophiles, a small minority drawn to prepubescent children. Heterosexual pederasts, men drawn to underage females, constitute the vast majority.

**Public Homosexual Sex** What straight people engage in routinely in public—holding hands, kissing—will still get you bashed if you’re gay. The police warn straights but arrest gays for having fun in cars and parks and exciting dark places: steam baths, movies, lavatories, and thickets.

**Paraphilia (Paraphernalia)** From dildos to rubber or leather apparel to cat-o'-nine-tails, whether they’re sadists or masochists, tops or bottoms, masters or slaves, golden shower queens, or worse, they are all condemned as “sick,” “victims,” and “abusers,” especially the same-sex ones.

**Les Poètes Maudits** From the Greeks and Romans to the Uranians and the Beatniks—sinners all! Obscene, vile, pederastic, misogynistic, elitist, pornographic, whorish, blasphemous, drug-crazed, pagan, heretical, atheistic. They include the French decadent poets—Baudelaire, Rimbaud, Verlaine—but also the 1970s poets featured in *Fag Rag* and *Gay Sunshine*.

**Pornographers** Makers of prose or art intended to incite lust. In sharp contrast to 30 years ago, what’s outlawed now is pornography that features models under the age of 18. By this definition, many of history’s great artists and its many successful commercial advertisers today should be prosecuted as pornographers.

**Prostitutes (Homosexual) and their Johns** Who is the victim and who is the perpetrator is always debatable, of course. So jail them both! Add more innocents to a prison population that—thanks to the war on drugs—exceeds the number in the U.S. military. The U.S. has by far the highest incarceration rate of any country in the world.

**Promiscuous, The** One reason gays are condemned is because we’re said to be promiscuous. Then we clamored for same-sex marriage, but we were condemned for that too. St. Paul said that it was better to marry than to burn with lust. But, of course, there’s nothing to stop us from marrying and burning with lust!

**Planters** Among the most reviled of all, this group includes all of our two-term presidents before Abraham Lincoln. In fact, if you count serfs and sharecroppers as virtual slaves, it includes almost all of the elites in all ancient and feudal societies, whose achievements rested on the forced labor of a class that was subject to exploitation of all kinds.
