Dear Editor;

Please find enclosed two book reviews; one on Dorr Legg's  
*Homophile Studies in Theory and Practice* and one on John Boswell's  
*Same-Sex Unions in Pre-Modern Europe*. As well there are three  
articles entitled "Three Bungled American Outings", "Back to  
Basics: Tory Family Values and Outing", and "Sweet Prince of Orange  
or Lavender".

I offer them for use in the *Blade* and hope you choose to  
utilize one or all of them. I do not seek remuneration for their  
use.

Should you print any of them I would request that you send me  
a copy of the edition in which any of the book reviews or articles  
appear so that I may keep my files current.

Sincerely yours,
